OLOBA TOLUWALASE

Yaba Lagos, Nigeria | +234 8132804142 | toluwalase007@yahoo.com
https://www.linkedin.com/in/toluwalase-oloba/

SUMMARY

Dedicated, result and people-oriented frontend developer with 3+ years of work experience using frontend technologies, creating visually appealing, functional and responsive front-end user interfaces. Adept at collaborating with cross-functional teams to deliver high-quality solutions in timely manner.

TECHNICAL SKLLS & COMPETENCIES

HTML5	Tailwind CSS	React
JavaScript	TypeScript	Next.js
API consumption	Version Control	Responsiveness
Code Testing (Jest)	Debugging	Trouble-Shooting
State management	Contex API	Redux toolkit
Problem Solving	Attention to details	Optimization
Communication	Project Management	Team player
Multitasking and prioritizing	Fast learning and flexibility	Time Management
Material UI	Ant Design	Chakra UI
Software Development Life Cycle (SDLC) process.		

RELEVANT EXPERIENCES

FRONTEND DEVELOPER - CONTRACT   NOV 2023 – Present

- Translating UI/UX designs into code, ensuring pixel-perfect implementation and responsiveness across various devices and screen sizes.
- Implementing state management solutions such as Redux or React Context API to manage the application's state effectively.
- Creating reusable UI components and libraries that streamline development and ensure consistency across the application.
- Writing clean, maintainable, and efficient code using React and TypeScript to develop frontend components and features.
- Identifying and addressing performance bottlenecks in the application, optimizing rendering performance, and reducing load times.
- Writing unit tests, integration tests, and end-to-end tests using tools like Jest, React Testing Library, or Cypress to ensure the reliability and robustness of the application.
- Integrating with backend APIs to fetch and update data, ensuring smooth communication between the frontend and backend systems
- Ensuring prompt and timely delivery of tasks to positively affect the completion of projects.

SOFTWARE DEVELOPER - ITSKILLSCENTER   SEPT 2022 – DEC 2020

- Worked with the team to develop and maintain responsive web applications for Third party companies while I focused on front-end.
- Used version control systems like Git for code management, collaborating with other developers, and ensuring the integrity of the codebase.
- Engaged in strategic sessions with stakeholders to analyze and identify drawbacks of existing systems and optimization of processes.

- Built software products through the Software Development Life Cycle using the scrum/agile methodologies.
- Collaborated with business team, testers, quality assurance team to carry out test on new features as well as identify and fix bugs.
- Writing and maintaining clear and comprehensive documentation for code, APIs, and project architecture to facilitate collaboration and future maintenance.
- Participating in code reviews to provide feedback to peers, maintain code quality, and ensure adherence to coding standards and best practices.

DATABASE & SERVER SUPPORT INTERN,   CHEVRON NIGERIA   JAN 2015 – DEC 2015

PROJECTS

-Social App :- www.2geda.net
This is a social medial application. Worked on the chat feature, from designing interface to API consumption as well as socket.io push notifications.
Technologies: HTML, CSS,TAILWIND, REDUX,SOCKET.IO

-Utility (Access Control) :- www.letmein.ng
This is an access control web application, where visitors register and are given codes to gain access to a premises
Modified, Maintained and upgraded existing code to meet google-play standards.
Technologies: HTML, CSS,TAILWIND, REDUX,SOCKET.IO

-Fintech :-www.pandascrow.io
PandaScrow allows sending, receiving and saving money all by voice activation. contributed to the API documentation on this project.
Technologies: HTML, CSS,TAILWIND, JavaScript, Postman

-Edutech:- www.schollarr.com
Schollarr provides study abroad services.
Technologies: HTML, CSS,TAILWIND, typescript, JavaScript, ant.
